ELINOR S. FERNALD,

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Nottingham:

Schools in Nottingham at present are organized as follows:

<i>School</i>	<i>Grade</i>	<i>Teacher</i>	<i>Pupils</i>
Center	1-2	Mrs. Lillian F. Spencer	29
Gebig	3-4	Mrs. Edna M. Harvey	27
Center	5-6	Miss A. Laura Sewall	18
Gebig	7-8	Mrs. Ruth V. Scruton	16
Music		Mr. Bertram Colter	
Handwriting		The Rinehart Service	
Total			90

There are also 7 pupils in Coe-Brown Northwood Academy, 4 in Dover High School, 2 in Robinson Seminary, and 2 elementary pupils attending in Lee. An estimated 12 pupils will enter the first grade next September. This year the district is back to 4 classrooms, with 2 grades in a room.

Following action of the district last year, the school board has acquired land for a school site, pleasantly situated in a central location. It is convenient to the main highway, and in sight from it, but apart from noise and traffic hazards. If it is decided to utilize some of the present facilities in the new project and use local materials in part for the balance, considerable economies could doubtless be made.

A re-arrangement of transportation this year is designed to use the larger and smaller vehicles to the best advantage. The school board has made progress in furnishing improved seating equipment for the pupils.

Last year the school nurse, Miss Myrtle Fletcher, examined 82 pupils, including the fall check-up, special tests of vision and hearing, a record of growth, watching communicable diseases, and special attention to teeth and other remediable conditions. Due mainly to difficulty in securing adequate volun-

teer help for the school lunch, the project has been suspended for the time being. Nottingham was one of the pioneers in this program, and has always felt that definite good from it was clearly seen. It is probable that management of the lunch would be greatly simplified and volunteer help more readily obtained if the district would make an appropriation for a regular paid worker.

High School tuition rates are being increased. The old "legal rate" of the state average cost of instruction is no longer available. The new "legal rate" of the total current costs is more likely to be the basis of future high school tuition charges.

The proposed new state-aid plan, designed by the State Board of Education to meet the Legislature's request for a formula based on need, is certainly better (on the whole) than the one adopted two years ago. Although Nottingham does not get quite so much from it, the district might not get more from any other formula likely to be adopted.

Further attention, both inside and outside the district, has been given during the past year to the proposed consolidation of districts. None of the districts concerned, however, have seen their way clear to take any definite steps toward any plan that would involve Nottingham.

Honor Roll of Perfect Attendance for One Year

Stephen Chase, Ronald Batchelder, Beverly Morrison, Gloria Twombly.

Respectfully submitted,

CHESTER W. DOE,
Superintendent of Schools.
